 - Dr. BYUN, Joon-Seok, Vice President for Medical Affairs, Daegu Haany University

- 10:40 Group photo for all participants
- 10:45-11:00 Break

- 11:00-11:30 Opening Ceremony
 - Introduction of VIPs
 - Opening Remarks by GP-TCM RA
 - Welcoming Remarks by Gyeongsangbukdo
 - Welcoming Remarks by NIKOM
 - Welcoming Remarks by DHU
 - Congratulatory Remarks by Ministry of Health and Welfare
 - Group Photo

- 11:30-13:10 Plenary Session
Chaired by NIKOM
 - #1 Prof. Vivian WONG “Herb-Induced-Liver-Injury (HILI)”
 - #2 Prof. Seong-Gyu KO “Anti-cancer New Herbal Medicinal Product Development with Promising Molecular Targets”
 - #3 Prof. Clara LAU “Is it safe to use estrogenic herbs in breast cancer patients?”
 - #4 Dr. Namkwen KIM “Korean Medicine Clinical Practice Guideline”

- 13:10-14:30 Lunch (Cafeteria, Happy Dormitory)
 - * Special Lunch for VIPs (B1, Korean Medicine Building)

- 14:30-15:30 Parallel Sessions (Part 1)
 - Classroom 213&214 / 413, Korean Medicine Building

<Parallel Session A – Quality Control>

Chaired by Prof. Monique SIMMONDS and Mr. Abraham CHAN

Speaker #1 Mr. Abraham CHAN and Dr. Hisayoshi NORIMOTO “Current Situation of Concentrated Chinese Medicine Granules and Its Challenge for Standardization”

Speaker #2 Dr. Cindy YANG "Quality control of Shengma"

Speaker #3 Dr. Hyo Jung KIM "Standardization of manufacturing process for safety and efficacy of pharmacopuncture"

Speaker #4 Prof. Chun Guang LI "Analysis of complex Chinese herbal medicines"

<Parallel Session B – Pharmacology and Toxicology>

Chaired by Prof. Pierre DUEZ

Speaker #1 Prof. Pierre DUEZ "WHO strategy for traditional medicines"

Speaker #2 Prof. Rong Rong HE "Pharmacological evaluation of Chinese patent herbal medicine: a hard nut to crack"

Speaker #3 Dr. Qihe XU "Taming the fire of nephrotoxic botanicals"

Speaker #4 Dr. Mei WANG "Traditional use of ginseng revisited"

Speaker #5 Mr. Sun-Gun Kim "A processing method for removing the poisonous substance from *Rhododendron brachycarpum*"

< Herbal formulation and Acupuncture Session> (Korean) Supported by HCLD

Chaired by Prof. Bong Hyo LEE

Speaker #1 Prof. Sung Tae KOO "Spinal mechanism of analgesic effects of acupuncture in the rat model of persistent pain"

Speaker #2 Prof. Hi-Joon PARK "Acupuncture can modulate levodopa-induced dyskinesia via hypothalamus in Parkinson's disease"

Speaker #3 Dr. Yeon Hee RYU "Characteristics of and Changes in Biopotentials on the Skin at Acupuncture Points Due to Acupuncture Stimulation"

Speaker #4 Prof. Chae Ha YANG "Acupuncture reduces cocaine-seeking behavior by enhancing GABAergic inhibition in the ventral tegmental area"

● 15:30-16:00 Coffee and Tea Break with Poster Exhibition (Classroom 307)

● 16:00-17:45 Parallel Sessions (Part 2)

<Parallel Session A – Quality Control> with the same list of speakers

<Parallel Session B – Pharmacology and Toxicology> with the same list of speakers

< Herbal formulation and Acupuncture Session > (Korean) Supported by HCLD

Chaired by Prof. Sang Chan KIM

Speaker #5 Prof. Tae Hee LEE "The Way of Progress in Korean Medicine"

Speaker #6 Prof. Sun Dong PARK "Neuroprotective effects of Gagam Sipjeondaebotang against *in vitro* and *in vivo* Parkinson's model"

Speaker #7 Prof. Soon Shik SHIN "Obesity model in Korean medicine"

● 18:00-18:30 Meeting at the Bus Stop (in front of the Korean Medicine Building) – Bus Ride
- from DHU to the Inter-burgo CC Gyeongsan

● 18:30-20:00 Welcome Reception

● 20:30-22:00 Bus Ride from Reception Venue to DHU (Dormitory) and/or Main Hotel

JULY 10TH, 2019

- 08:30 Shuttle Bus departs The Grand Hotel

- 09:30-11:00 Parallel Sessions (Part 1)

- Classroom 213&214, 2nd Floor, Korean Medicine Building

<Parallel Session C – Clinical Studies / Acupuncture>

Chaired by Prof. Zhaoxiang BIAN and Prof. Nicola ROBINSON

Speaker #1 Prof. Zhaoxiang BIAN “Good publication network in Chinese medicine”

Speaker #2 Dr. Chris Kam-Wa CHAN "Pragmatic Trials for Chinese Medicine: The Conceptual Design and Implementation of a Semi-individualised Trial for Diabetic Kidney Disease"

Speaker #3 Prof. Myeong Soo LEE “Evidence that sham acupuncture techniques are not inert – a systematic review”

Speaker #4 Prof. Jianping LIU “Acupuncture studies in China”

Speaker #5 Prof. Dongwoo NAM “Efficacy and safety of thread embedding acupuncture combined with conventional acupuncture for chronic low back pain – A randomized, controlled, assessor-blinded, multicenter clinical trial

<Parallel Session D – Regulatory Aspects>

Chaired by Prof. Gerhard FRANZ and Dr. Mei WANG

Speaker #1 Prof. Gerhard FRANZ “European Pharmacopoeia: Quality monographs on herbal drugs”

Speaker #2 Young Woo KIM “Herb, Drug and Food”

Speaker #3 Prof. Yuan Shiun CHANG “Quality Control of TCM Herbs and Herbal Preparations in Taiwan”

Discussion

Introduction of the challenge and issues for TCM in EU registration (Dr. Mei WANG, Chair)

Further discussion with all members (Prof. Gerhard FRANZ, Co-chair)

- 11:00-11:20 Coffee and Tea Break with Poster Exhibition

- 11:20-12:35 Parallel Sessions (Part 2)

<Parallel Session C – Clinical Studies / Acupuncture> *with the same list of speakers*

<Parallel Session D – Regulatory Aspects> *with the same list of speakers*

- 12:35-13:45 Lunch (Cafeteria, Happy Dormitory)

- 12:35-13:45 Workshop for IG Publication (Classroom 213)

- Chaired by Rob VERPOORTE “How to Publish a world-class scientific paper”

- 13:45-14:45 AGM (Classroom 214)

- 14:45-15:00 Coffee and Tea Break

- 15:00-17:40 Plenary Session (Building #6, Auditorium)
Chaired by Prof. Clara LAU
 - #1 Dr. Tai-Ping FAN “Tanshinol borneol ester (DBZ), a novel synthetic small molecule angiogenesis stimulator inspired by botanical formulations for angina pectoris”
 - #2 Dr. Mi Deok SONG “Artificial Intelligence(AI) approach to analyze and classify Sasang constitution through observation of the response of herbal medicine”
 - #3 Prof. Nicola ROBINSON “Clinical practice guidelines on acupuncture for stroke – perceptions and evidence”
 - #4 Prof. Ki Tae HA “Novel anti-metabolic approaches in cancer treatment”
 - #5 Dr. Liang CHAO “HIF1 α inhibition facilitates Leflunomide-AHR-CRP signaling to attenuate progressive bone erosion in CRP-aberrant rheumatoid arthritis”
 - #6 Prof. Zhang LI "Pharmacological studies on bioactive compounds from *Garcinia* species"

- 17:40-18:00 Closing Ceremony
 - Presentation of Poster Awards
 - Farewell Remarks by NIKOM
 - Closing Remarks by GP-TCM RA

- 18:30/20:30 Bus departs DHU for Hotel

JULY 11TH, 2019

- ALL DAY Optional Tour
<STUDY TOUR>
(09:00) Departure from the Hotel → DHU(Dormitory) → NIKOM Headquarter → Daegu-Gyeongbuk Medivalley → Daegu Yangnyeongsi and Museum of Korean Medicine → DHU Hospital → Hotel → DHU(Dormitory)
<CULTURAL TOUR>
(09:00) Departure from the Hotel → DHU(Dormitory) → Bus Ride to Gyeongju City → City Tour (including Seokguram Grotto and Bulguksa Temple, Gyeongju Museum, Cheonmachong and Gyochon Maeul) → Bus Ride to DHU(Dormitory) → Hotel
